We love our new space! The energy is absolutely palpable in the treatment room. The perfume organ has settled in nicely as you can see here and stands at the ready to delight and inspire you with exotic botanicals collected from around the planet. I have been busy working on my seasonal ambers for the holidays and would love to share the mystery with you!

Shiatsu Seminar Highly Successful

We very much appreciate the love and inspiration that we have received in our classes with Shiatsu Master, Robert Canty, and we are looking to continuing into yet a deeper understanding of this powerful art and science with further intensive workshops at our Massage Sanctuary on the second floor of Exchange Hall.

Please contact us if you are interesting in becoming involved with this wonderful opportunity.
